Attached for your review please find a copy of the Comments and Responses document for the Draft Environmental Impact Report (Draft EIR) for the above referenced project. This document has been provided either on a CD or as a hard copy. This document is also available for download on the Planning Department's website <http://tinyurl.com/sfceqadocs>. This document, along with the Draft EIR, will be before the Planning Commission for Final EIR certification on April 26, 2012. Please note that the public review period ended on October 19, 2010.

The Planning Commission does not conduct a hearing to receive comments on the Comments and Responses document, and no such hearing is required by the California Environmental Quality Act. Interested parties, however, may always write to the Commission members or to the President of the Commission at 1650 Mission Street, Suite 400, San Francisco, CA, 94103, and express an opinion on the Comments and Responses document, or the Commission's decision to certify the completion of the Final EIR for this project. The certification of the EIR does not indicate a decision by the City to approve or disapprove the proposed project. Approval hearing would occur after the EIR certification.

Please note that if you receive the Comments and Responses document in addition to the Draft EIR published on July 21, 2010, you technically have the Final EIR. If you have questions concerning the Comments and Responses document or the environmental review process, please contact Devyani Jain at (415) 575-9051 or Devyani.Jain@sfgov.org.

Thank you for your interest in this project and your consideration of this matter.
