by: **JENNIFER WONG**
Deputy County Clerk

Pursuant to the California Environmental Quality Act (CEQA), the Guidelines of the Secretary for Resources, and San Francisco requirements, this Notice of Exemption is transmitted to you for filing. At the end of the posting period, please return this Notice to the Staff Contact with a notation of the period it was posted.

Attached fee: \$58 filing fee

PROJECT DESCRIPTION:

The work would consist of the replacement of the existing 12-inch gravity sewer with a 24-inch pipe approximately 160 feet in length, and the construction of a concrete junction structure. Work would include Traffic Routing, Sewer and Roadway work. The contractor would selectively demolish, furnish, install and comply with requirements set forth in Drawings and Specifications transmitted on March 27, 2015; including the sewer and roadway work at the intersection of Mariposa Street and Terry Francois Boulevard. A 20-inch diameter force main runs from the Mariposa Street transport/storage box structure to the 10-foot diameter force main that continues to the Southeast Water Pollution Control Plant (SEWPCP). A new 14-inch diameter force main would connect the Pump Station to the 20-inch force main. Modifications inside the Pump Station in the subsurface Pump Room would occur, including replacement of the discharge pipe, valves and flow meter.

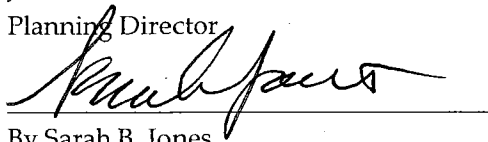

DETERMINATION:

A CEQA determination was issued December 10, 2014 under Planning Department Case Number 2014.002522ENV. Therefore no further environmental review would be required for the proposed Sewer Improvements project. The project was approved by the San Francisco Public Utilities Commission on May 7, 2015. A copy of the document(s) may be examined at 1650 Mission Street, Suite 400, San Francisco, CA, 94103 in file no. 2014.002522ENV.

1. An Exemption from Environmental Review has been prepared pursuant to the provisions of CEQA under:
 - Ministerial (Sec. 21080(b)(1); 15268)
 - Declared Emergency (Sec. 21080(b)(3); 15269(a))
 - Emergency Project (Sec. 21080(b)(4); 15269(b)(c))
 - Categorical Exemption (Section 15302 (REPLACEMENT OR RECONSTRUCTION))
 - Statutory Exemption.

2. This project in its approved form has been determined to be exempt from environmental review in order to replace the existing gravity sewer and construct a concrete junction structure at the intersection of Mariposa Street and Terry Francois Boulevard.

John Rahaim
Planning Director
