by: **JENNIFER WONG**
Deputy County Clerk

Pursuant to the California Environmental Quality Act (CEQA), the Guidelines of the Secretary for Resources, and San Francisco requirements, this Notice of Exemption is transmitted to you for filing. At the end of the posting period, please return this Notice to the Staff Contact with a notation of the period it was posted.

Attached fee: \$58 filing fee

PROJECT DESCRIPTION:

Holloway Green Street project would implement green infrastructure for stormwater management along nine blocks of Holloway Avenue starting at Ashton Avenue and extending just past Lee Avenue in the Ingleside neighborhood. The project would improve the residential street into a greener, more pedestrian- and bike-friendly corridor by incorporating multi-functional green infrastructure technologies. Corner bulbouts containing bioretention planters would provide traffic calming and improve pedestrian safety while removing stormwater from the combined sewer system. An implementation project of the SFPUC's Sewer System Improvement Program, the proposed project is planned to relieve the City's aging sewer system by reducing stormwater runoff while providing various community benefits.

DETERMINATION:

A CEQA determination was issued March 6, 2015 under Planning Department Case Number 2015.002821ENV. Therefore no further environmental review would be required for the proposed project. The project was approved by the San Francisco Public Utilities Commission on May 26, 2015. A copy of the document(s) may be examined at 1650 Mission Street, Suite 400, San Francisco, CA, 94103 in file no. 2015.002821ENV.

1. An Exemption from Environmental Review has been prepared pursuant to the provisions of CEQA under:
 Ministerial (Sec. 21080(b)(1); 15268)
 Declared Emergency (Sec. 21080(b)(3); 15269(a))
 Emergency Project (Sec. 21080(b)(4); 15269(b)(c))
 Categorical Exemption (Section 15301 (Existing Facilities))
 Statutory Exemption.
2. This project in its approved form has been determined to be exempt from environmental review in order to replace the existing gravity sewer and construct a concrete junction structure at the intersection of Mariposa Street and Terry Francois Boulevard.
